

Directions and deliveries exhibition stand construction

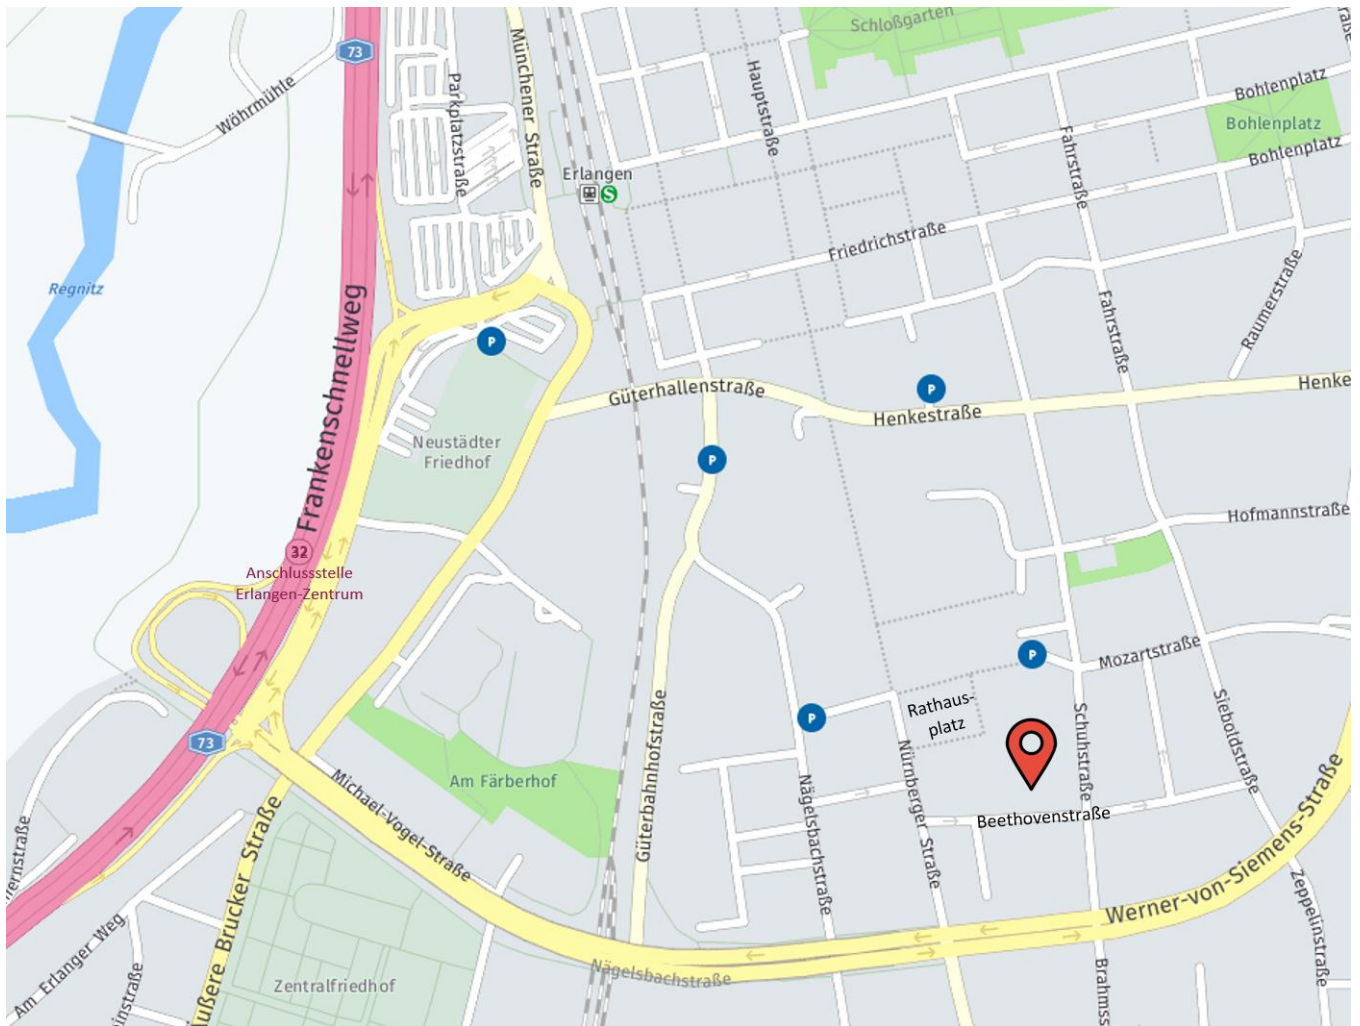

Venue

Heinrich-Lades-Halle
 Rathausplatz 2, 91052 Erlangen

➔ [Website](#)

Directions

You can reach the city centre of Erlangen via the highway A73 - exit 32 "Erlangen-Zentrum" (direction Erlangen-Ost)

Deliveries exhibition stand construction

Deliveries may only be made during the below-mentioned construction periods. In order to ensure a smooth flow of traffic during the construction and dismantling periods and the duration of the event, traffic regulations and traffic management rules must be observed.

Loading and unloading of trucks is possible via the **access road at Beethovenstraße 5**. Since space is very limited, waiting times may occur here. Several access doors are available, at which the exhibition area is separated from the loading area by two steps. However, barrier-free unloading into the foyers is possible by means of a tail-lift. There is a ramp at the first door so that the exhibition area can be reached barrier-free from street level.

Alternatively, access to the building is possible at ground level via **Rathausplatz**. However, since a special permit to drive in the pedestrian zone must be applied for from the City of Erlangen for this, it is essential that this is coordinated with the congress organization (info@dtg2022.org) by **01.07.2022** the latest. On the Rathausplatz, particular consideration must be given to public pedestrian traffic and keeping all access routes free.

All vehicles may only drive to the loading areas for loading and unloading and must be removed immediately after loading. Parking in the loading area is prohibited. Engines must always be switched off during waiting times.

Please note that **lifting or rolling trolleys** must be brought along by yourself if required. Trolleys brought along must be fitted with plastic or rubber tyres. Brake marks due to rubber abrasion must be avoided and removed if necessary.

Parking Facilities

An overview of **parking spaces for cars** can be found on the website of the city of Erlangen at https://www.erlangen.info/anreise_und_mobilitaet/. In the area of the "Rathausplatz" (town hall square), the following two parking garages are particularly relevant:

- Contipark parking garage Neuer Markt, Schuhstraße 42, 91052 Erlangen
- Contipark underground parking Sedanstraße, Sedanstraße 2, 91052 Erlangen

Parking spaces for trucks can be found in the area around the Heinrich-Lades-Halle sporadically on the shoulder (public, paid parking spaces) or in the parking facilities for commuters on Bayersdorfer Straße (at the A73 freeway exit "Erlangen-Nord").

Set-up, dismantling and opening hours

Set-up and dismantling have to be carried out and finished during the below-mentioned periods. To ensure safety, no construction activities are allowed during opening hours. If you require additional construction times, please contact K.I.T. Group GmbH Dresden (info@dtg2022.org) in due time. The expenses and costs arising thereby will have to be borne by the exhibitor.

Booths or exhibits not dismantled and removed in time will be disposed at the exhibitor's expense and risk without checking the residual value. Liability of K.I.T. Group or the Heinrich-Lades-Halle is excluded.

Set-up times	Wednesday, 28 Sep 2022	08:00 – 18:00 h	
Opening hours	Thursday, 29 Sep 2022	07:30 – 18:30 h	
	Friday, 30 Sep 2022	07:30 – 18:30 h	
	Saturday, 01 Oct 2022	08:00 – 16:30 h	
Dismantling times	Saturday, 01 Oct 2022	14:30 – 16:30 h	only minor, low-noise works within the booth
		16:30 – 22:00 h	dismantling of booths

Please note that all times are preliminary and might be changed slightly due to organisational requirements.

Disposal of packaging waste and empties

It is requested that packaging waste/empties etc. be taken away by your booth construction company after assembly and dismantling. It is not permitted to leave materials behind in the Heinrich-Lades-Halle. Materials left behind will be disposed of at the exhibitor's expense at an increased charge without checking their value.

No empties may be stored in or outside the booths, in the Heinrich-Lades-Halle or on its outside grounds during the duration of the congress. Any empties must be removed as quickly as possible. Any empties produced during assembly and dismantling must be removed after work has been completed on the stand.
